Service description

Description

Automatic recording of lectures at the ETH. In [equipped auditoriums \(PDF, 119 KB\)](#) an automatic recording of lectures according VVZ is possible free of charge. The infrastructure can be optionally used with costs for other courses/events.

Recordings combine speakers' audio and the computer/projection signal ([example video](#)).

Customer Benefit

The lecture is recorded in the customers desired format (cf. "Instructions / FAQ / How To" below).

Customer Groups / Cost / Order

All organisational units of ETH Zurich can [request](#) the use of the infrastructure for lecture capture. The lecture is free of charge for recording lectures according VVZ; for other events a fee can be charged for the manual processing; the amount of the costs depends on the duration of the event. Based on our documented tariffs we make an offer based of a program or in accordance with information about the duration of the event. A request should be made as early as possible to allow for necessary preparations (at least one working day).
