## Service description

### Description

We can produce videos in a variety of formats (image films, documentaries, teaching and learning films, etc.) for different scenarios and target groups.

Production happens

- on site,
- in the video studio, or
- in the audio studio.

### Customer Benefit

ETH members can share videos from different scenarios in order to:

- Support teaching, for example for an online course
- Documentation of project results
- Image film
- Interviews, statements
- Document experiments
- Event ads/impressions
- Videos for communication via social media
- Publication of research results

### Customer Groups / Cost / Order

All ETH organisational units can commission video productions. Video productions are always subject to a fee. The fee depends on the scope of the project and/or the cost of production. We create an offer based on our rates (750 CHF/day or 400 CHF/half day for A/V production. Based on a 75 CHF/h cost of production in the video studio 08.00-18.00). A request should be made as early as possible, because planning and preparation are essential for an efficient, high quality video production.
